Our educational institute/our company wishes to register for the following category:

category A for one-person vessels

category B for two-person vessels

Open Class

Competitors must complete six steps before they actually compete in the race in 2006.

The six steps are shown at [www.frisiannuonsolarchallenge.com](http://www.frisiannuonsolarchallenge.com).

Step 1 is filling in this registration form. Step 2 is the submission of a project plan in which your team provides a rough outline of the design in which the hull shape, the propulsion system and the mounting of the solar panels are shown in design sketches. Please indicate when you will be able to hand in the project plan.

Date of submission of the project plan (Step 2):

The entrant confirms that he has taken note of the competition regulations and the registration and application procedure for the Frisian Nuon Solar Challenge.
